Introduction to Student Life

Presented by Nicolas Armstrong-Wright, MS,
Associate Vice President for Student Life & Dean of Students

How does the Division of Student Life Support this Mission?

Student Life at NDMU is student-led and student-focused.

When your student gets involved and takes on leadership roles, they are challenged to grow into a better version of themselves.

But they won't do it alone. Our professional team of mentors, champions, and advocates is here to encourage and support your student every step of the way.

The more your student puts in, the more they will get out of it!

Case Management & Community Standards

- Here to support students of concern with complex issues or concerns.
- Ensure NDMU's educational mission is a priority through the Student Handbook.

Student Engagement & Community Programs

- Taking part in activities and events helps foster a greater sense of connectedness. The skills your student develops when they take on leadership roles and the friends they make along the way will last far longer than their four years at NDMU.

Accessibility & Student Inclusion

- If your student will need accommodations, have them reach out to Accessibility@ndm.edu as soon as possible!
- Make sure your student has recent documentation.

Health Services

- Vaccinations and Immunizations need to be up-to-date.
- Health Insurance is required. See the Business Office for more questions.
